HOME

4-18-77 Mon. 46°-75°
Cloudless to mid-aft., then increasingly cloudy; wind N, 5-15 mph.

✓ In afternoon, there appeared to be a fledgling mockingbird on front lawn — 3/4" long tail, much down showing — but no yellow gape, and not giving usual "hunger call" of young mocker — perhaps adult that had been attacked, losing tail + getting feathers ruffled up.

4-17-77 Sun. 46°-71°
Occ. high, thin cirrus clouds; wind NNE, 5-15 mph. Very low humidity again — a glorious day!
